Lenovo IdeaPad K1 Tablet- Do Apps Like You've Never Done Before

The advanced Lenovo® IdeaPad® K1 Tablet keeps you connected to music, movies and apps, on the go. It™s the web as you™ve never seen it before; the 10.1" IdeaPad® Tablet K1 with Android 3.1 is optimised for the web like no other tablet. The K1 comes with full support for the latest Flash content and complete Digital Rights Management (DRM) so you can legally download & store movies in every available format. It includes a USB dongle so you can connect your digital devices. Plus, the K1 instantly syncs your photos, music and videos with a dedicated online storage space, so you can easily share across multiple devices, or with the wider world through integration with popular social networking sites. And with access to the Lenovo App Shop and the Android Market, thousands of useful apps and games are just a click away. Google Android 3.1 Honeycomb

The Lenovo IdeaPad K1 is packed with the latest, highly intuitive Google Android 3.1 operating system, the new version of the Android platform specifically optimised for tablets. The Android 3.1 platform adds a variety of refinements to make the user interface more intuitive and more efficient to use. This has been combined with a customised Lenovo user interface (UI) to reach a whole new level of interactivity. You'll find all the resources are now at your fingertips, grouped by usage type for extra convenience. Choose between the Lenovo SocialTouch, Lenovo Media Gallery, Lenovo Video Player or Music player, eBook Reader and many more all for your convenience.
