Genuine Photo Print Lexmark No.40 Ink Cartridge The **Lexmark No.40 ink cartridge** is a unique ink cartridge released by Lexmark to help you print higher quality photographs. Using a special ink called evercolor2, the Lexmark No.40 ink cartridge is capable of printing high resolution photographs which are vividly detailed and look professional. The Lexmark 018Y0340E ink cartridge uses a water resistant ink as well which ensures that your memories are protected from any kind of water based incident. The newer

technology used in the Lexmark No.40 ink cartridge ensures that your printed photographs can last up to 100 years on display which ensures that your favourite photographs will be enjoyed for a long period of time.
